

Freestanding blast chiller LIFE W30 Black Elegance Inox

Model: W30N

Code: W73055000201

Functions:

Blast chilling, blast freezing, proving, defrosting, storage, chocolate, yoghurt, bottle chilling, desiccation, slow cooking

Operating modes:

Recipes, core temperature probe, timer

Standard fittings:

1 racks 322 x 260 mm,
1 stainless steel tray GN 1/2 325 x 265 x 40 mm
core temperature probe, sanitizer

Temperatures

-30°C / +85°C

Capacity

22 litres, 3 trays

Interior measurements

329 x 300 x 252-211 mm

Cooling capacity

900 W [Evap - 10°C cond. +40°C]

Exterior finish

Glass, Scotch Brite

Fan speed

Adjustable from 25% - 100%

Weight

40 kg

Exterior measurements

558 x 381 x 359 mm

Power supply

220V-240V / 50Hz

Interior finish

AISI 304 stainless steel
scratch-resistant linen

Display

Touch screen, 4.3 inches

Refrigerant gas

R 290, GWP 3

Packaging measurements

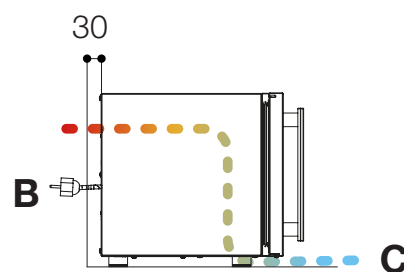

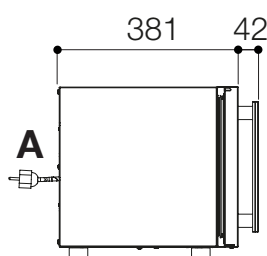

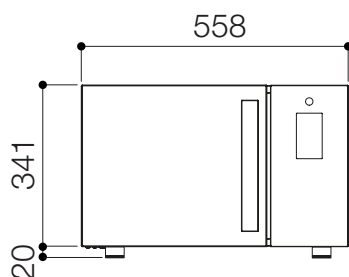

645 x 475 x 458 mm

Maximum power demand

540 W - 2.8A

Door hinge

Bottom, lift-up door

A: 3,40 m electrical cable with Schuko plug.

B: To allow air to circulate, you must allow at least a 30 mm clearance behind the appliance and 20 mm in the bottom part.

C: Air flow with front suction and expulsion in the rear of the blast chiller.

In case of installations near walls consider the dimensions of the handle to allow complete opening of the door.

In case of built-in installations the thickness of the door must exit from the compartment to allow the correct opening
